Reading Comprehension - 7 ways to protect the environment

Develop your reading skills. Read the following text about how to protect the environment and do the comprehension questions

We all want to protect our planet, but we're mostly too busy or too lazy to put up big change that would improve our lifestyle and save the environment.

These are 7 simple habits to implement in your everyday life which will make a difference. There is nothing new here but if you follow at least some of these tips, you can be proud of yourself participating in the protection of the environment.

1. Use compact fluorescent light bulbs:

It is true that these bulbs are more expensive, but they last much longer and they can save energy and in the long term your electricity bill would be reduced.

You can see the whole lesson from your teacher, please ask them to send it to you before the class.
