

My Hobby

My favorite hobby is playing drums. I spend a lot of my free time playing drums. I started learning to play drums when I was 9 years old. I played in my school's band. When I was 12, I got a private drum teacher and started to really enjoy playing.

My parents bought me a drum set and I started practicing every day after school. It was very loud, but my mother never complained. I improved a lot, and playing drums has been my favorite hobby ever since.
