

## Climate change could make parts of Middle East uninhabitable

---

### Vocabulary:

**render** (verb) – cause somebody/something to be or become something

Example: The popularity of smart phones has rendered landlines useless.

**jeopardy** (noun) – to be in jeopardy means to be in a dangerous position or situation and likely to be lost or harmed

Example: The future of this hospital is in jeopardy if the government doesn't provide more funds.

**twofold** (adverb) – by twice as much or as many

Example: Our profits have grown twofold since last year.
