

Lesson 1: Pets and Animals

Dog Cafe

ILSAN, KOREA. An amazing new cafe has opened in Korea. It is called the Dog Cafe. People can borrow dogs there. Customers who have no pets at home can now enjoy a meal or a cup of coffee with a dog at their side.

You can eat while your dog lies at your feet. Or, if you would rather watch the dog eat, too, you can buy him a delicious meal. You can even pay for your pet to get a bath. There are 25 different kinds of dogs at the cafe – some tiny, some large.

You can see the whole lesson from your teacher, please ask them to send it to you before the class.
