

## Smartphones

---

In today's world, is a phone a necessity for people of all ages, or is it just a luxury item? Why or why not? How do people who grew up without mobile phones feel about this?

### Vocabulary

**walk away** (verb): leave

**Example:** The store owner wouldn't drop the price on the old model of iPhone, so I just walked away.

**caring** (adjective): kind

**Example:** My sister is so caring that she let me borrow her new phone when mine broke.

**speck of dust** (noun): a very, very small piece of dirt

**Example:** Be sure to clean off any specks of dust off your camera lens before you take pictures. Otherwise, they won't turn out well.

**beside the point:** not important or relevant

**Example:** I know my phone is six years old, and the camera is broken on it. That's beside the point. It still works, so I don't need to buy a new one.
