

## D Vocabulary

### Key Vocabulary

Read the paragraph about safety and check your understanding of the meaning of the words in bold.

In order to prevent **injuries** and **fatalities** at work, employers are required by law to provide a safe work environment. Government agencies set **guidelines** that regulate the number of **fire extinguishers**, **fire doors**, **fire escapes**, and **emergency exits** that must be available in a workplace. Workplaces should also **comply with** rules about the number of **first aid kits**, the use of **hard hats**, **safety goggles**, **ear plugs**, and other safety equipment and the quality of the **ventilation system**. If there are **flammable** or **hazardous materials** in the building, they should be in suitable containers. Management should inform their employees about the **safety risks** of **slippery floors** or **dangerous gases**.

1 Match the words in column A with a word in column B to make a compound noun.

Column A	Column B
1 fire	a aid
2 hard	b extinguisher
