Hi Faryal,

I have great news! Do you remember helping me find a job? Well, last month, I **1** *applied / impressed* for a job at a large advertising company. I wasn't sure if I had all the right **2** *requirements / qualifications*, but I've taken an advertising course, so I wrote to the company. I included the **3** *recruitment / résumé* you helped me write and a few **4** *references / employer letters* from my last two bosses. Someone from the company called me last week and asked me to come for an **5** *interview / application* the next day. I was a bit nervous, but I knew that I really had to **6** *position / impress* the interviewers. So before I went I practiced answering the interview questions that you sent me via email. The interview was quite long but it seemed to go quite well. And I've just heard that they are **7** *offering / opening* me the position. I am the successful **8** *hire / candidate*! So I just wanted to thank you for all the help you gave me...
