

Accidents at Home

Gerard Counihan

Bla Bla & Company (Guipuzkoa, Spain)

The expression "domestic accidents" does not normally evoke feelings of fear or tragedy, since most people only think about the concept on a superficial level: a slip here; a slight burn there; a fall from a ladder which may even provoke a moment of mirth for the onlooking partner, etc. Millions of such banal-sounding mishaps occur every year, however, and the majority involve children and old folk.
