

# Great Inventions

## Picture Story: Great Inventions

Discuss your own ideas about how life changed as a result of each of these inventions. Then rank the four inventions in order of importance.

2000 B.C.: The plow loosens and turns the soil so crops can be planted efficiently.

1802: The steam locomotive permits transportation of products over long distances by train.

1914: The modern zipper permits the opening and closing of clothes without buttons and buttonholes.

1920s: The electric refrigerator keeps food fresh.

## Grammar Review: Third Conditional - no possibility

**Third Conditional** is also called the **past unreal conditional**. It is used to talk about 'impossible' conditions, impossible because they are **in the past and we cannot change what has happened**.

You can see the whole lesson from your teacher, please ask them to send it to you before the class.
