Question Response Writing Practice

Directions: Try to answer the question below.

Question: What is your favorite food? Why?

Example Answer: My favorite food is sushi. I love it. It tastes great and is very good for your health. My favorite kind of sushi is sashimi. That is what you call plain sushi that comes without rice or anything else. I like to eat it with soy sauce and horseradish. The only bad thing about sushi is that it can be expensive.
