

Role Plays Set 5

You are a working man/woman who has a large family. You are at work. Your boss wants to talk with you.	You are a manager. You have an employee that hasn't been performing well. He/she is often late. He/she also spends a lot of time checking his/her private emails and strange websites instead of doing work. Yesterday, you caught her/him sleeping at his/her desk. Please fire the employee (in a nice way).
You are a manager. You are in your office. Your best employee knocks on your door. He/she wants to talk with you.	You are at work. Please tell your boss that you have accepted a position at another company, so you will be leaving the company in 2 weeks.
You are at work. Your lovely boss has an announcement.	You are a boss. Tell your employees that because of the economic crisis, they will be taking a 20% pay cut. This pay cut actually started last month, but you forgot to tell them. Also, you will need them to come in on the weekends for the next few months, until things get better.
