

Uber Begins Testing of Self-driving Cars

Vocabulary:

hail (verb)

– (in this case) to signal to a taxi or a bus, in order to get the driver to stop

Example: I hailed a taxi and went home, because it started to rain.

outfit (in this case – verb)

– to provide somebody/something with equipment or clothes for a special purpose

Example: The luxury car was outfitted with a new audio system.

deck out (phrasal verb)

– to decorate a person or object with something, usually for a special occasion

Example: The ballroom was decked out with balloons and other decorations.

prop (noun)

– an object used by actors during the performance of a play or in a film/movie

Example: Some of the props from the Harry Potter movies are up for auction this week.

pattern (noun)

– the regular way in which something happens or is done

Example: She has dedicated her life to studying the migration patterns of African elephants.
